

Environmental Policy

The organisation and its top management is committed in the quest to achieve the highest standard in the area of environmental protection.

We shall, at all times strive to

1. Prevent environmental aspect and impact through management of pollutions, wastes and conservation of natural resources.
2. Comply with all applicable environmental legal and other requirements.
3. Establish and review environmental objective and target for continual improvements.
4. Promote awareness amongst employees, suppliers and contractors through education, training and publicity program on environmental matters.
